- Annual Vacation should be taken during the calendar year in which it is earned; any exceptions to this policy must be approved by Administration.
- Since vacation time should generally be taken in the year of accrual, it is assumed that exempt employees have taken their annual vacation accrual unless a written request is made by the employee to the employer for a rollover to the following year.
- All vacation must be taken in full day increments, not partial days. Any unused vacation time which cannot be rolled over will be forfeited by the employee.
- It is the responsibility of the employee to arrange their vacation.
- Vacation may be taken at such times during the year when requested by the employee, approved by the supervisor, and authorized by Administration.
- A request for vacation should be made in advance, except in an emergency when it is not known beforehand by the employee that leave will be needed. An absence under such circumstances should be reported immediately.
- The number of paid holiday granted in a calendar is limited to the holidays approved by Administration. Any leave taken beyond that shall be treated as part of the employee's annual vacation.
