How to Understand and Fill Out Application

This application contains the policies and guidelines your church needs to understand if it wishes to request **Group Status** within the Arizona Conference Corporation. It also contains step-by-step working forms you need to complete as part of this request.

What is Group Status?

Group status means that an organized church/district, with a full-time or part-time pastor sees the need to develop a ministry for a particular target audience, or to plant new work in a non-entered area, so that the mission of the church can be fulfilled. Final authorization to obtain Group status is by vote of the Conference Executive Committee.

Basic Guidelines and Policies Governing the Organization of Groups

Overview

All Groups must come under the sponsorship of an organized church/district with a full-time or part-time pastor. The primary formation of a Group should be to develop a ministry for a particular target audience, or to plant new work in an un-entered area, and by so doing can fulfill the mission of the Church.

The Sponsoring Church

- **Size**: Must have at least 150 members.
- **Pastoral Staffing**: Church/District must have at least one full-time or part-time pastor.
- **Stewardship**: Must be current in all its financial obligations including church expenses, accounts payable and loans.
- **Relationship**: Must agree to provide adequate and real guidance in the administration, nurture and evangelism for the new Group and share all financial responsibilities.
- **Process**: Must start processing the request from the *Group Status Application* with the Ministerial Director and Ethnic Coordinator.

The Group

- **Formation**: Groups will be permitted to begin, even if they are primarily made up of members from already existing Churches, only when they can show there are valid and verifiable reasons for establishing the Group. They will be required to maintain a minimum of five (5) years relationship with a sponsoring church before applying for Company Status.
- **Sponsorship**: Until advanced to Company status, a Group will remain an integral part of the Sponsoring Church.
- **Finances**: The finances of the Group will be handled through the treasury of the Sponsoring Church.
- **Review**: The Group's viability will be reviewed periodically by the Sponsoring Church, the Ministerial Director and the Ethnic Coordinator to ascertain if they should continue to function as a Group toward the Company status or if they should rejoin the Sponsoring Church.

Final Authorization

- Conference Executive Committee Vote

Getting Started

A new work, like a new-born child, is not expected to be an adult from its inception. Each situation is unique, but it is always necessary to use good judgment and meet certain objective criteria before proceeding. The following guidelines will be used by the Administrative Committee and the Conference Executive Committee to evaluate and authorize the establishment of new Groups.

Potential for Growth in Membership

The membership of a new Group must be large enough to demonstrate the viability of the growth for this new work. If the proposed Group will meet near already established churches, specific reasons why it is needed must be given, such as:

- Territory for evangelism is not effectively being reached by the existing churches.
- Ministry to a significant people group in the area needs to be undertaken.

Vision and Verifiable Ministry

A newly formed Group must have the vision of eventually becoming a Company and an organized Church. Steps in this direction need to be carefully planned and include:

- **A Place to Meet.** The Group leaders, in cooperation with the Sponsoring Church, should locate an adequate site for the Group to meet.
- **Growth in Ministry.** The new Group must demonstrate the ability to operate a successful church program that includes and supports local church, local school, Conference and Adventist world-wide ministry and demonstrates a peaceful coexistence with the Sponsoring Church.

An Important Note About Church Planting and Pastoral Care

Research and experience demonstrate that church planting is the fastest and best way for churches to grow. In urban settings it is also unfortunately often prohibitively expensive, especially when each small Group wants its own pastor. The Arizona Conference is not financially able to assign pastors to a large number of small Groups within its territory. Therefore, in order to obtain authorization for the formation of a new Group, a Sponsoring Church must have solid and verifiable evidence of the feasibility of the project. Starting a Group because of a Church's internal difficulties, or because some individual is looking for a way to receive possible future employment as a pastor are not valid reasons.
